

PENREN this Week

January 12, 2004

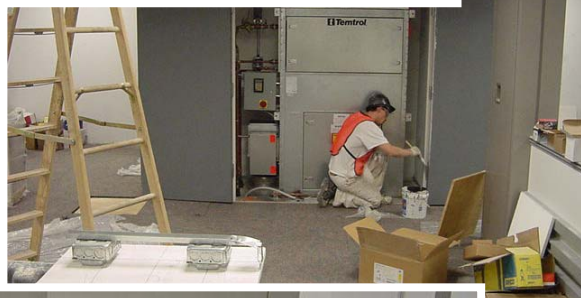

Wedges 2-5 Renovation

Wedges 2 through 5 encompass 4.5 million square feet of Pentagon space to be renovated by 2010.

Work begins on the Mall Terrace side of Wedge 2 renovation, adjacent to Corridor 6.

A Painter finishes off an office in the basement area of Wedge 2.

Workers put in the framework for the raised floor in the basement area.

More info on this project can be found at:

Roads, Grounds & Security

Two Roads, Grounds and Security Projects are currently underway, the Remote Delivery Facility Secure Access Lane (RDF-SAL) along Route 27 and the Pentagon Secure Bypass (PSB) Lane which involves the rerouting of Route 110 through the Pentagon North Parking lot.

With the coping in place, the pedestrian bridge to Corridor 8 is almost complete.

The North Parking Connector is now ready for asphalt.

More info on this project can be found at:

Pentagon Renovation Program

"MEET THE RENOVATORS"

Michelle Chin,
Information Resource Center (IRC) Sr. CAD Manager

Michelle Chin is a native Washingtonian and a graduate of Howard University's School of Architecture and Planning. As the Senior CAD Manager, she is part of a team that is responsible for the development and enforcement of the Electronic Data Standards for all construction drawings for PENREN. These guidelines allow for a consistent appearance for all PENREN drawings.

In her own words: "It is a privilege to participate in and contribute to the renovation of our nation's Defense headquarters."
